BC's Employment and HR experts named Island Business of the Year

Victoria, BC- "We are a company that started out with a pilot project to put just 25 people in Victoria back to work," said Ian Ferguson CEO of WCG International Consultants Ltd. (WCG), this year's winner of the Business of the Year award. The award ceremonies were held on January 22nd at The Crown Isle Resort, Courtenay, in front of a sell-out crowd

"We have always known that WCG is a great organization, but it is wonderful to have those feelings confirmed by others, especially our peers in the business community," says Darlene Bailey, Vice President of Human Resources and Field Operations. "It shows we're doing it right".

WCG is a privately owned company that excels in helping businesses and governments develop and implement growth strategies, energize operations, and create technology solutions. Whether developing and delivering human performance programs such as JobWave™ or consulting Internationally, the company philosophy is the same: do it with excellence or not at all.

This philosophy has served WCG well. In 10 short years, the company has grown from a small startup into one of the Top 10 Human Resources Consulting Companies in Canada (Financial Post FP500, 2003), one of BC's 50 Up and Comers and top Companies to Work For (BC Business 2003), and has successfully served over 35,000 clients. WCG's flagship program is JobWave™, which is built on a strong foundation of partnerships with chambers of commerce and community agencies. Funded by the BC Ministry of Human Resources, JobWave helps individuals on income assistance find quality employment. Recently JobWave announced its 25,000th participant helped back to work in BC.
